

Boffer & Live Action Role Playing Camp

Boffer & Live Action Role Playing Camp – J. Bagley

Age 7 – 14

What is a boffer? A foam weapon, (also known as a boffer or latex weapon), is a padded weapon used for simulated combat. Such weapons are typically used in live action role-playing games.

Enjoy the fun activity of boffer building and then exploring the experience of live action role playing. Make five different boffers (one each day) along with shields for play. The five Boffers that you create are yours to keep. Get ideas and training, learn techniques and rules for the games. You will also be exposed and learn about the traits of respect, honor, bravery, discipline and control.

Boffer is fun and safe interactive play. Boffers will be incorporated into other live action role playing games like Capture the flag and King of the Hill.
